**When connected to a digital STB*

Instant Home Cinema

No setup required! Just plug in, point at a wall and insert a DVD movie disc for huge screen, digital quality Home Cinema.

Huge Screen Experience

The largest big screen TV's are dwarfed by the astounding MovieTime™ DV11

Perfect Image Quality

Ultimate quality digital connection between the integrated digital DVD player and digital projector ensures crystal clear, high contrast, perfectly balanced pictures of stunning quality.

Giant Screen TV, Gaming & Photo viewing

Use with:

Digital TV or **Satellite** set-top boxes - for giant screen experience

Games Console - for life size characters and totally immersive action

Digital Camera - display your favourite Photo image CD's from the integrated DVD player

Computer - a computer monitor the size of a wall

Camcorder - transform home movies into a cinema experience

Ultra Portable

Carry a Home Cinema system with a wall sized image, to a friend's house, in one hand.

Ultra Portable Instant Home Cinema

The MovieTime™ DV11 integrated Digital Projector, Digital DVD Player and Sound System provides huge pictures and audio of exceptional quality in a sleek, ultra portable design.

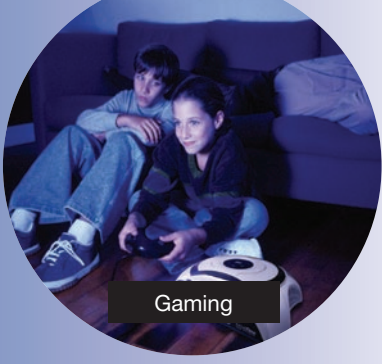

Sports & Special Events

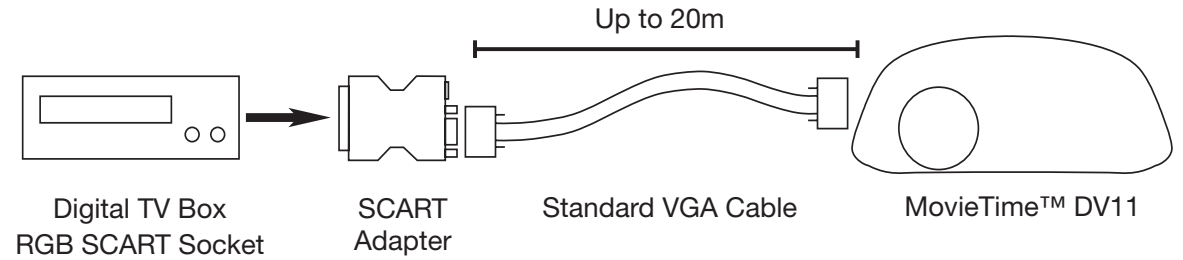

Parties & Get-Togethers

Satellite and TV

Gaming

➔ **Audio**

Integral stereo speakers provide portable convenience. Add an external sub-woofer for even greater impact. The digital audio output is ideal for connection to ultimate quality digital Home Cinema surround sound systems.

➔ **SCART RGB**

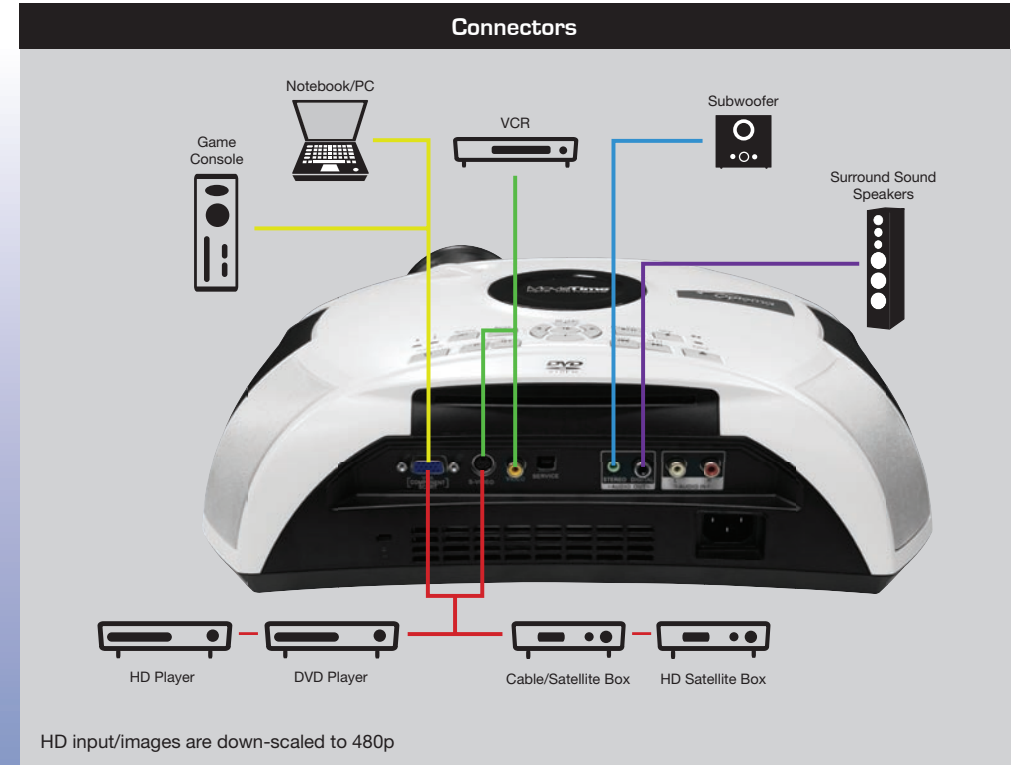

The SCART RGB feature makes it easy to get very high quality pictures from digital satellite, digital TV boxes or games consoles. If you want to watch the highest quality TV, sport or gaming pictures you need SCART RGB. A unique supplied SCART RGB adaptor enables inexpensive, very high quality, VGA type cables to be used to connect these devices to the MovieTime™ DV11.

Huge Screen Movies

Huge pictures with breathtaking quality, large enough to fill a wall
